MARKET SEGMENT

- Spot

Deepen your understanding of the LPG market by connecting spot prices for naphtha, propane and butane around the globe

Through unbiased methodology, the OPIS Europe LPG & Naphtha Report delivers prices you can trust for northwest Europe and the Mediterranean, and compares them to values in the United States and Asia.

Market Challenge

In the European LPG and naphtha markets, accurate daily prices and credible analysis are rarities. Such data and commentary are necessary for a fair estimate of the links and influences between markets. Price reports are available, but they're not region-specific and often demand expensive subscriptions.

How We Help

At an affordable price, the OPIS Europe LPG & Naphtha Report provides key global price benchmarks and indicators enhanced with commentary by analysts experienced in the European market. You get clear explanations of price movements and the context in which they occur. Receive a daily PDF report plus email alerts as news breaks.
